There have been many 'Thank you' emails, phone calls, and in person messages to the officers for the roles they played before, during and after the storm. However, this email was just sent today. It shows how the community is still remembering the storm and what all emergency responders, public works and behind the scenes employees did during Hurricane Matthew.

“Hello. Now that things have somewhat generally calmed down a bit with regards to Hurricane Matthew, I just wanted to send a huge thank you for all of your help in making us safe and assisting in recovery as amazingly as everyone did. Your efforts did not go unnoticed. Thank you for all you have done and all that you continue to do. Sincerely, Paul Lockwood”
