

Request for Qualifications

RFQ 2017-05

Dr. Mellichamp Drive Improvements

Engineering, Surveying & Related Services

Questions and Answers

July 29, 2016

Question #1: When are proposals due? Page 1 says Aug 15th; page 6 says Aug 11th.

The Request for Qualifications is due on August 15, 2016.

Question #2: Regarding page 13 (Section 6), is the detailed scope of fee to be included with the initial response or only upon designation of the top ranked firm?

No fee proposal is required for the August 15th RFQ submittal. Once a firm is selected based on the RFQ selection criteria, then a fee proposal will be requested from the highest rated firm.

Question #3: Should geotechnical investigation (pre-design) and wetlands consultants be included in the project team or has that work been retained directly from the Town?

Related services such as geotechnical and wetland investigation, as required for pre-design and permitting, will be included in the proposed scope of work and must be included in the project team.
