

MAY RIVER WATERSHED ACTION PLAN

NOVEMBER 1, 2011

The understanding and approach toward planning in the May River is both complex and challenging, but should proceed with an eye toward a cohesive and coordinated framework for implementation. An Action Plan for the May River Watershed includes a number of specific elements that must be implemented with respect to three time horizons: the short-term, the medium-term and the long-term. This watershed action plan provides a framework for implementing the many suggestions, statements, goals, objectives and visions of the people that call the May River Watershed home.
