Town of Bluffton to Remove Two Buildings at 68 Boundary Street

The Town of Bluffton will remove two structures in the Historic District. One, a brick duplex, fronting Boundary Street and the other, a small apartment, fronting Green Street. The area is being planned for additional parking and green open space.

Demolition is scheduled to begin Monday September 18th and be complete by early October of 2017. Parking along Lawrence Street should be minimally affected. All work will take place during normal daylight working hours. There will be large trucks and equipment using Boundary Street and signage will inform the public of construction activity in the area.

The work includes the installation of erosion control fencing and tree protection as the two structures, selected trees, fencing, and adjacent walks and patios are removed. The demolition site will be graded and permanently stabilized with grass upon completion.

The construction area will not be accessible to the public, and the public is asked to remain a safe distance from activity and equipment.

If you have any questions during this process, please call the Town's Director of Engineering Bryan McIlwee at (Office): 843.706.7824 or (Email) bmcilwee@townofbluffton.com.
