Update: Construction of Boundary Street Park
Upcoming Partial Green Street Closings

The Town of Bluffton has begun construction of the Boundary Street Park which includes approximately 60 new parking spaces, public restrooms and open space for community events at 68 Boundary Street.

Starting as soon as Thursday, a portion of Green Street will be closed due to construction of this project's drainage infrastructure. The Green Street closures will be from Calhoun Street to Boundary Street and only a portion of the street will be closed at any one time. Therefore, residents can enter from the opposite side if necessary. The partial closures of Green Street are expected to last approximately two weeks. Watch for construction warning signs and work crew members if you are in the vicinity of the construction zone.

The Town acquired the 1.47-acre parcel, which is adjacent to DuBois Park and the Heyward House, in October 2016. This park is designed to add more accessibility and parking to the Historic District.

If you have any questions about this project, please contact the Town's Director of Engineering Bryan McIlwee at (email) bmcilwee@townofbluffton.com or (office) 843-706-7824.
